

Digital Citizenship Contract

This contract is an agreement between the undersigned, affirming our commitment to respect and protect ourselves and others while using the internet. By signing this contract, we pledge to follow these rules and guidelines for safe and responsible digital use:

1. Respect and Protect Ourselves

- We will keep personal information private and not share our full names, addresses, phone numbers, school names, or other sensitive information online.
- We will create strong, secure passwords and not share them with anyone (except parents).
- We will not post photos or videos that could harm our reputation now or in the future.

2. Respect and Protect Others

- We will not use the internet to bully, harass, or threaten anyone and will always treat others with kindness and respect.
- We will not share or forward someone else's private information or hurtful content.
- We will stand against cyberbullying, supporting victims and reporting any bullying we witness.

3. Respect and Protect Intellectual Property

- We will not illegally download or plagiarise content and will always give credit to original authors and sources.

4. Responsible Digital Behaviour

- We will limit our screen time to a healthy amount and take regular breaks for physical activity and face-to-face socialisation.
- We will only visit websites, play games, or use apps that are age-appropriate and approved by parents.
- We will be cautious with downloads and suspicious links to protect our devices from viruses or malicious software.

By signing this contract, we understand the importance of internet safety and cyberbullying prevention and are dedicated to behaving responsibly and respectfully in the digital world. We understand the consequences of breaching this contract, including but not limited to discussions with parents, loss of internet privileges, or other suitable measures.
